## ABOUT ME

Hello! I'm Albin Binu, a Computer Science student at the College of Applied Science, thamarassery. I'm deeply passionate about programming, with a strong interest in backend development and object-oriented languages like Python and Dart. Currently, I'm exploring Flutter to build cross-platform mobile applications and further develop my app development skills.

## SKILLS

HTML5, CSS3, JavaScript

React.js, Tailwind CSS

Node.js (basic), Django (basic)

Git & GitHub

Responsive Web Design

VS Code, Netlify, npm

dart (basic), flutter (basic)

## EDUCATION

**University of calicut**

B.sc Computer Science

2023 -

## WORK EXPERIENCE

### portfolio website

march 2025 - present

- Developed a fully responsive personal portfolio using React.js and Tailwind CSS
- Implemented dark/light mode toggle, project showcase, and a printable resume feature using react-to-print
- Deployed the site via Netlify and integrated SEO-friendly components
